DEMOCRATIC

County Nominations.

As our citizens are called upon to decide at the ballot box next Tuesday, who shall preside over the destinies of our County affairs.—We take the privilege of a journalist to bring before the people the nominees of the Democratic party who should receive the suffrage of all the people of our County, regardless of party. We first find the nominee for Register of Deeds, Fred Griner, an old and well known citizen of our County, who is thoroughly versed with the duties of that office. He is every way eminently qualified for that position, speaking as he does several languages, that are constantly called into requisition in the performance of his duties. Vote for Fred Griner and induce your neighbor to do likewise.

John Dunn is our able and efficient candidate for County Treasurer.—a man with whom the people can safely trust the financial affairs of the County, being interested in the future welfare of our County. Mr. Dunn takes the deepest interest in all measures tending to promote your interest. Give him a rousing majority.

Next we find the name of J. A. Sargent, candidate for Judge of Probate, but as Mr. Sargent is so well known to our citizens, having been identified with the history of our County from its early days to the present time, we can add nothing to his popularity. His election by a large majority is a foregone conclusion.

Chas. Johnson, is the nominee for Sheriff. Mr. Johnson is an old citizen and well qualified to perform the duties of Sheriff. During the war Mr. Johnson served with much distinction, attaining the rank of Captain. There are two competitors in the field. How it will result is doubtful.

Frank Warner, our present able County Attorney was honored with a re-nomination, and as the republicans nominated a non-resident, we take it for granted that they intend to all vote for Mr. Warner. You may look for his election by a large majority.

Next comes our able nominee for Surveyor, H. J. Chever, who is now performing the duties of that office. Mr. Chever will be elected by an overwhelming majority.

Our jolly friend Capt. Basler, candidate for Coroner, has no opponent, and will make a clean sweep.

FOR THE STATE SENATE.

C. W. Griggs is the people's choice for the State Senate. The able manner in which he guarded over the interest of our county last winter in the Legislative Hall, induced the people to give him a re-nomination, and his election is already an established fact. Roll up the majority and make it rousing.

Dr. Louis Gottlieb is the nominee for the House. The Dr. finds some opposition, having two candidates to battle against. It is difficult to say who will be elected.

THE NATIONAL BANK TAX AMENDMENT.

The last Legislature proposed an Amendment to Sec. 4, article IX of the Constitution authorizing the Legislature to compel the National Banks to pay into the State Treasury a uniform tax. Up to the present time these Banks have escaped taxation altogether, both in this and in other States, except in such States where the Legislature have taken the matter in hand, as a State matter. To reach this source of revenue the last Legislature submitted the present proposition to the people for their adoption or rejection. And as the Banks make their money off the people of the State at large, and as a large portion of the bank stock is owned by persons residing outside of the location where the banks are situated, the members of the Legislature thought it no more than right that the people of the State at large should receive the benefit of this tax, instead of the locality where these Banks happened to be situated, obtaining it all.

The opposition to the amendment comes only from localities which are fortunate enough to contain some of these Banks and principal from St. Paul.—The Banks in this city contain \$900,000 of the \$11,600,000 of the Banking capital, one third of which is owned in other parts of the State, and under the existing law, if the tax is collected the City of St. Paul pockets over \$30,000 a year; and hence the desire of its citizens to retain the present system of Bank taxation and to defeat the proposed amendment. To accomplish this Messrs. Horn and McClung, the former the feed attorney of the city, and the latter the city assessor joined it an appeal to the people and published it in the Pioneer and Press, the Democratic and Republican Organs in that City advising the people to vote No, on the proposition, and thus to leave the taxation in the hands of that City whereby they can put into their City Treasury some \$30,000 per year instead of that amount going into the State Treasury to benefit all the tax payers in the State.

Among the statements made by the author of this appeal is one tending to mislead voters, and that is, that the uniform taxation means only the State tax of five mills on the dollar. A uniform rate means such a percentage as the Legislature may fix upon, be it two, three or five per cent, the only limitation is that imposed by the act of Congress, that it shall not be higher than taxation upon other special capital in the hands of individuals. In nearly every State, Banks have always paid a uniform rate of taxation fixed at a certain percentage, without reference to the rate imposed upon other property, for State purposes. If the farmers and tax payers of Carver County, wish to be relieved in part of the present burdens of taxation they will vote YES upon the tax amendment.

THE BOND AMENDMENT.

The Democratic party of Carver County have printed the word "No" on every amendment distributed in the various towns of this county. This shows conclusively enough, how the party stands on the "Bond Swindle." The party does not believe in swindling the people out of their hard earnings, for the gratification of bond holders and capitalists. Will the republican party openly oppose this swindle?

The Radical Estimate of Foreigners.

Ben Wade, in his Marietta speech, just before the election, said the foreigners knew no more of what they were voting for than the horse they rode. David Kilgour, a Radical Congressman from Indiana, said in the Constitutional Convention of Indiana:

"A man who has no feelings in common with us, who never felt the pulse of liberty till he set foot on our soil, such a man is to enjoy the opportunity and the right to vote amongst us, whilst those rights are to be denied to the unfortunate black man, who has ten times more intelligence, and who has lived in the State of Indiana from his birth."

Good.

The following is a resolution passed by a brigade of "white boys in blue" in Ohio:

Resolved, That if greenbacks were good enough pay for the men who risked their blood in behalf of the country, they should be good enough pay for those who only risked their money.

HOME ITEMS.

HERALD AGENT CARVER—G. A. DeToll.

DIED.

At Chaska, Tuesday afternoon, Oct. 29th, Mrs. E. E. Dulin, wife of our estimable citizen James E. Dulin, aged 51 years.
It is a sad duty we have to record the death of so worthy and respected a member of our community, as Mrs. Dulin. She died very suddenly, at 34 hours previous to death, she was in the enjoyment of perfect health. Mrs. Dulin leaves a large family of children to mourn her death. Mr. Dulin has the deep sympathy of the entire community in this his hour of bereavement.

MASONIC FUNERAL.

Burial of Sir Knight Chas. A. Warner.
Beautiful and imposing Rites.

The funeral of our citizen Hon. Chas. A. Warner, was attended on Sunday by a large concourse of Masons from St. Paul, Minneapolis and Shakopee, making says the Pioneer, the largest turnout of Masons, that has ever occurred in this State. Mr. Warner was a member of Ancient Landmark Lodge of St. Paul, and also of "Damascus Commandry No. 1, of Knights Templar." The Masons were accompanied by the great Western Band, and marched in procession from Merriam Station to our village. The Sir Knights of Damascus Commandry turned out in full array, and with their banner, and rich uniforms and military drill, made a fine appearance.

The Valley Road furnished a special train of four cars, drawn by the powerful engine Le Sueur. A large number of personal friends of the deceased, and others desirous of witnessing the ceremonies, a number of whom were ladies accompanied the Masons.
After crossing the ferry, the procession was reformed on the levee in front of "St. Paul." No coronation was performed to the serious illness of Willie Warner, as it was necessary to avoid anything that would lead him to suspect his father's death.

The body of the deceased, which was enclosed in an elegant casket, was quietly borne from the house by the pall bearers.
Sir Knights C. W. Nash, Jno. L. Merriam, Henry L. Carver, Wm. A. Spencer, J. H. Murphy, and C. W. Carpenter.

The procession was then formed in the following order by Sir Kt. Frank H. Pratt, Capt. Gen'l of Damascus Commandry, and Henry Morris, marshal of the Master Masons:
Band, Hennepin Lodge, No. 4, Minneapolis.
Minneapolis Lodge, No. 19, do
St. Paul Lodge, No. 3, St. Paul.
Ancient Landmark Lodge, No. 5, St. Paul.
Full Beaters, Hennepin Lodge, No. 4, Minneapolis.
Damascus Commandry, No. 1, St. Paul.
Zion Commandry, No. 3, Minneapolis.

The procession moved in this order, the band playing the Dead March, to the Moravian Church, where the coffin was borne through the lines, in the usual manner, and deposited in front of the altar. The church is small, and was soon filled with the Masonic brethren, though only a small portion of these could gain admission.

The services, which were conducted by Rev. C. L. Reinke, were short, but very impressive and appropriate.
After the conclusion of the services, the body was taken to the house, and the procession reformed, and moved in the same order as before, the band playing a plaintive dirge, to the Cemetery in rear of town. There could not have been less than 2500 persons accompanying the procession. As our population does not exceed 1,000, it may be inferred from the large number present how highly the deceased was esteemed by the community at large. There was by actual count, 330 Masons in the procession. We clip the following from the Pioneer:

"The scene at the grave was one of the most imposing of the kind we ever witnessed. The large numbers present, the solemnity of the Masonic burial service, the regalia of the Master Masons and the gorgeous trappings of the Sir Knights, added to the solemn dirges of the choir and the band, and the quiet beauty of the weather, combined to make the scene one calculated to last long in the remembrance of those who witnessed it.
A very pleasing incident occurred at the conclusion of the ceremonies. Sir Knight Oasian E. Dodge sang that beautiful Masonic song,
"We meet upon the level and part upon the Square."
The procession was then reformed, and marched back to town. The visiting Masons and others who accompanied them, were treated to a liberal supply of refreshments, at the residences of Freeman James, Col. C. W. Griggs, Capt. T. D. Smith, James Delamater, and Henry Young. Those who were the guests of these gentlemen, desire to return thanks to them and their wives, for their hospitality, as well as to H. P. Upham and others, whose names we could not learn, for similar favors.

New Dresses.—The Daily Pioneer, now comes to us in a brand new dress, throughout. It certainly has no competitor in the Northwest. We are pleased to note this evidence of prosperity in the Pioneer.

Not A Candidate.

Joseph Weinmann wishes us to announce to the citizens of Carver County that he is not a candidate for Court Commissioner, and wishes his friends to see that his name does not get on the ticket.

SALE OF SCHOOL LANDS.—At the appointed time for this sale, a large number of farmers of our County gathered at the Court House to bid upon such pieces as they wanted. We were glad to hear that there was but little competition in the bids. 2,320 acres of land was sold, amounting in all to \$12,500. Amount of principal paid down, on the above amount, amounted to \$1,945. This sale almost finishes up the School lands in our County.

FIRST SNOW.—We were visited on Tuesday last, with a light fall of "wintry snow" mizzle. Had it not been accompanied with more or less rain, the ground would have been covered an inch deep. The weather still continues quite gloomy, but are in hopes of more pleasant weather ere winter sets in, in earnest.

BRIDGE FINISHED.—We are at last gratified at being able to announce to the public, that the bridge over the Chaska Creek, on the bottom road to Carver is finished. It is a substantial structure, and guaranteed to stand for years. It is built of stone and brick, and reflects much credit to the contractor and builder, Capt. Basler, and Leonard Gratz.

Independent Candidate.

At the request of a large number of voters in this Legislative District, I announce myself as an independent candidate for the Legislature.

Carver Items.

Our Special Correspondent,

FRIGHT.—The steamer Chippewa Falls, landed at our levee on Saturday morning, 500 cask stores for our hardy men, besides any amount of other goods.

REPUBLICAN SPEECHES.—Friday was the day set for Gov. Marshall and Hon. S. S. Beaman to speak to our Republican friends, but alas, where was the audience? 23 persons present by actual count. The Gov. did not, we understand speak but a few minutes, no doubt being "down in the mouth" at receiving such an audience, but that is about an average attendance whenever a Republican comes to speak. The Hon. Mr. Beaman was not present, owing we hear to "indisposition."

Look for a big Democratic majority from our town.

DEMOCRATIC MASS MEETING.—Capt. E. St. Julius Cox, addressed a large and enthusiastic meeting at the school house on Friday evening. Our Democratic friends from Chaska, Dahlgreen and San Francisco were on hand. The Capt. spoke about one hour and a half showing up the ruinous policy the Republican party had been pursuing for the last 4 or 5 years. He also dwelt a short time upon the "Bond Swindle" plainly showing Gov. Marshall's implication. The Capt. is a good speaker, and was listened to through out with great interest, and was often interrupted, with applause.

WEATHER.—The weather is only such as "Minnesota" is best with, clear, warm and pleasant. We hope for a few weeks more.

PREACHING.—We hear that Rev. Mr. Lord will preach every Sunday until further notice at the School House at 3 o'clock P. M.

GOOD.—We notice the bridge between Carver & Chaska has been completed, and is now safe, cannot be carried away by high water. It is built of stone, and reflects credit upon the builder, Capt. Chas. Basler.

SATURDAY FAIR.—Last Saturday being the last Saturday of the month was the day for our "fair." This day beat anything of the kind we ever saw, our streets were so completely jammed that it reminded us of a "bee hive," it was next to impossible to work yourself through the dense crowd. 6000 bushels of wheat was bought on this day.

Business of course being tip top, all our merchants being compelled to hire extra help, to wait upon their customers.
There was a large number of stock dealer from abroad after cattle &c. We only noticed one or two "knock downs" during the entire day, something rather unusual among such a crowd of people. Altogether it was a grand success.

NEW PHOTOGRAPHIC GALLERY.—John Snell has opened a new Picture Gallery opposite the residence of Peter Weggo, we have been shown several of his Photographs, and can testify to their being perfect.

—The New York *Herald* remarks that nearly all the stock brokers who have figured for fifteen or twenty years in the stock market have come out as poor as they commenced. In fact, Wall street is an extensive three car mortgage table.

—The fact that the internal revenue receipts at large have fallen off to less than half a million a day, is, perhaps, the best

indication of the depression of the great commercial interests. —An engagement is announced between a doctor (Ct.) gentleman of considerable wealth and a handsome lady of an adjacent town. The engagement ring is the novelty in this instance. It is made of diamond, and in it is set a single diamond of remarkable brilliancy and great value.

The setting is said to be entirely new in design, and the engraving on the metal is very beautifully executed. The wedding is novel. It is as follows:

"From the bride to the groom, and from the groom to the bride, and from both to God."

—We learn from a new English volume on mining, that in 1865 the principal metal-producing countries of the world yielded 33,255,000 pounds of gold, and 4,000,000 pounds of silver. Of gold, California yielded 2,100,000 pounds; Australia, 1,900,000; Russia, 1,900,000; South America, 34,000; Southern Asia, 20,000; Africa, 10,000; Europe, 1,000,000; Peru and Chili, 595,000; and the rest of Europe, including the British Isles, 525,000. Estimating the value of these metals at present market values, the yield of gold for the year was not far from \$125,000,000, and of silver, \$75,000,000.

—Going to the Massachusetts State Prison, at Charlestown, are bringing in large returns to the treasury of that institution, by manufacturing ornamental house iron work, gas fixtures and iron bedsteads. As the State receives \$1 a day for the labor of the prisoners, it can easily be seen that by paying them for the work they do, the State is actually making money by the operation. Articles coming out of the shops were sent to the President's Exhibition, and great attention, the Emperor and the King of Prussia giving large orders for similar goods. Two hundred and thirty inmates are employed on this work. The average yearly earnings of the entire number employed in the prison are \$271 per man. Under these circumstances, it is not surprising that the expense of the institution are defrayed by the labor of the prisoners, and a surplus of \$23,000 paid to the State.

The husband of her neighbor, who was an old woman, was near at hand, and he asked her for shelter; and when she entered, he closed the door, and in the presence of the old woman, outraged her person, despite her frantic resistance and piercing shrieks. He then threw her out, and she fled for aid. The fiend stamped upon her mouth with his heel, tearing it frightfully, then clutching her by the throat, he began to strangle her, and she was choked to death. VICTORY!

NEW YORK STATE.
40,000 Democratic Majority.NEW JERSEY.
Democratic Majority 12,000.GLORIOUS Maryland.
30,000 Majority.

LARGE GAINS IN MINNESOTA.

CARVER COUNTY.
Democratic All Over.

New York, Nov. 7. The Tribune special says the Democratic majority in the State will be about 30,000. The Democrats will have a majority of at least eight in the House of Assembly, but the Republicans will retain a working majority in the Senate.

The Democratic majority in New Jersey seems to be about 12,000.

The Tribune figures the New York Senate at 19 Republicans and 13 Democrats; the Assembly at 60 Republicans and 68 Democrats.

MILWAUKEE, Nov. 7. Milwaukee county complete gives Tammany 3,600 majority. The returns from the State look more favorable for Fairchild, and it is thought his majority will certainly reach 5,000.

A Baltimore special says: 23 counties of Maryland give a Democratic majority of 28,640 on Governor. He carries every city and county in the State.

LEAVENWORTH, Nov. 7. Fall returns are in from but few counties, but all show massive Democratic gains, and the State is close and doubtful. The Negro and Woman Suffrage amendment is buried out of sight.

In Massachusetts the Republicans elect their State Ticket by about 20,000 majority. Democratic gain of 45,000 on last years vote. Boston went Democratic for the first time. The next time will fetch them.

Carver County.

We are unable to give the majorities officially, as the votes have not been canvassed. But every Democratic Candidate is elected by majorities ranging from 200 to 400, except the Sheriff, Hecklin (Ind.) having 200 maj, over both candidates. There is a Democratic gain of about 200 over last years vote. The Republicans made a strong fight, and were confident of victory, but the people couldn't swallow Kilholz and other bitter pills, hence our increased Democratic majority.

Griggs and Lewis are elected by handsome majorities, although the radicals attempted to move "heaven and earth" to defeat them. Our faithful County officers are retained by greatly increased majorities. Official returns next week.

The Minnesota Election.

The following are the reported majorities in such counties as have been heard from in the State. The gains and losses are on the last year's vote, and the counties reported embrace about three-fourths of the vote of the State. The Republican majority in 28 of the most populous counties is 2,115, a Democratic gain over last year, of 5,869. The gains are not sufficient to give any hope of Flaudran's election, though he has made a glorious run, and deserved victory.

And "Bleeding Kansas" Too.

A rhytic has been applied to "Bleeding Kansas." She has almost ceased to bleed. A "small Republican majority" is conceded in the legislature of that State, but negro suffrage and the main principles for which the radicals fought, are beaten, and buried out of sight.—Bully for Kansas.—Pioneer.

Amazingly Singular.

We understand that our Republican friends caused two or three thousand Democratic tickets to be distributed at the polls on Tuesday, with the name of our townsman J. W. Gregg instead of C. W. Griggs inserted as Senator and possibly, Mr. Gregg might have got a large vote had it not been known that he did not desire or wish for the office, and which will account for the facts that democrats did not vote for him, but cast their ballots unanimously for C. W. Griggs. It is little singular however, that the strong personal republican friends of Mr. Gregg, who had been to the expense (although without his consent or knowledge) of some fifteen or twenty dollars, in obtaining printed tickets with his name as a candidate for Senator, did not, one of them, vote for him, but cast their votes entirely for Capt. Houghton.

MORAVIAN SUNDAY SCHOOL.

Communicated.

We dropped into the Moravian Sunday School last Sunday, and notwithstanding the inclemency of the weather, and bad walking, found a large attendance of scholars, who were highly pleased to find the school in such a flourishing condition. The Superintendent Mr. Chitty has spared no pains or labor to interest the children in the school—he continues to keep up the same interest, and it is apparently in the same flourishing condition as when his predecessor, Rev. C. B. Shultz had the charge as Superintendent, and all will acknowledge that he had few, if any, superiors in the instruction of youth.

The exercises commenced with Prayer—then reading a chapter in the bible, after which, a hymn was sung, in which all the teachers and children took a part. The children were then instructed, by classes, of the remaining of a chapter of Scripture, the chapter having been designated the previous week, and we must say that we were greatly interested and enlightened while listening to the teachers in giving expositions and commentaries of the different verses. It showed that they were familiar with the history of the world at the time of Christ, and with manners and customs of the Orientals. After the commentaries on the chapter, the teachers and scholars sang two or three beautiful hymns, and we noticed one of the scholars, the modest and unassuming Miss, Lizzie Smith, a young Miss, not yet in her teens played the Organ, and it was remarkable to find one so young so proficient in that science, it should in addition to her natural talent, the labor and skill of her musical teacher. After the singing, the Superintendent presented each of the children a Sunday School paper for their perusal during the coming week, and with a benediction the school closed.

We see no reason why our citizens should not take more interest in Sunday schools, there are doubtless many boys and girls in our village that are not instructed by their parents in their religious duties. It appears to us that it should be the duty of all parents to instruct their children in matters appertaining to their future welfare, for if children are taught and educated in what is right, if they in after life, depart from the path of duty, they will be able to return to the path of duty, and we, his surviving brethren, being sensible of the loss we have sustained in his death, are desirous of perpetuating upon our records a slight testimonial to his worth and many Masonic virtues.

Therefore, be it Resolved, by Ancient Land Mark Lodge No. 5, Free and Accepted Masons. 1. That we deeply deplore the death of our late brother Charles A. Warner, and at the same time we realize that what is our loss is his gain. 2. That we appreciate and will forever hold in remembrance his many and fine social qualities his kind heart and frank and genial disposition, his love for our ancient institution and his practice in every day life of so many of the virtues inculcated by our beloved Order. 3. That we deeply sympathize with his bereaved and afflicted family and commend them to the care of the God of the widow and the fatherless. 4. That as a token of respect for our deceased brother we will wear the usual badge of mourning for the period of thirty days.

In Memoriam.

At a special Communication of Ancient Landmark Lodge, No. 5, F. and A. M. held Sunday evening, at St. Paul the following resolutions were passed: WHEREAS, Our late brother CHARLES A. WARNER has been called from earth to rest beyond the grave, and we, his surviving brethren, being sensible of the loss we have sustained in his death, are desirous of perpetuating upon our records a slight testimonial to his worth and many Masonic virtues. Therefore, be it Resolved, by Ancient Land Mark Lodge No. 5, Free and Accepted Masons. 1. That we deeply deplore the death of our late brother Charles A. Warner, and at the same time we realize that what is our loss is his gain. 2. That we appreciate and will forever hold in remembrance his many and fine social qualities his kind heart and frank and genial disposition, his love for our ancient institution and his practice in every day life of so many of the virtues inculcated by our beloved Order. 3. That we deeply sympathize with his bereaved and afflicted family and commend them to the care of the God of the widow and the fatherless. 4. That as a token of respect for our deceased brother we will wear the usual badge of mourning for the period of thirty days.

CHICAGO, Nov. 6. The Republicans carry the county by 8000 majority.

HOME ITEMS.

HERALD AGENT CARVER—G. A. Du Toit.

Will not those of our friends who are owing us for subscription please send us the money as soon as possible. Wood will also be received in payment for the Herald, and should be sent in advance.

DIED.

At his residence in Lakewood, Frederick Meyer, aged 68 years and 3 months. This one by one the old settlers gradually disappear from the present theater of life. Mr. Meyer was one of the Pioneer settlers of Carver County, having settled in this County 14 years ago. He was highly esteemed by his neighbors, and all join in paying a last tribute to his moral worth.

MARRIED.

In Chaska Oct. 31 by Judge of Probate, Jacob Schaefer to Albertina Brandt, both of Carver County.

Nov. 4th by same, Matthias Loggin to Helena Afolter, both of Chaska. Another couple less in "Old Benedict's rank." We were present when the ceremony took place and concluded that the couple enjoyed the ceremony, as both seemed to be supremely happy. We wish the couple a happy journey through life rugged path.

Our absence from home will account for the scarcity of local items this issue.

ELECTION.—Election passed off very quietly in our town. No fights, no disturbances of any kind, marked this public event. It will be seen by the returns in another column, that our full vote was polled, a gain of about 40 over last years vote.

BANNER TOWN.—Chanhassen has nobly earned the name of being the "Banner Democratic" town of the County. She rolled up a majority of 91.—Bully for Chanhassen.

PLASTERING.—We see that Mr. Moses Quance, is engaged with a number of workmen, plastering the "Concordia building." He expects to get it finished before cold weather.

NEW GOODS.—Mrs. F. Salter has just received one of the largest and most complete stock of fancy Millinery Goods, that ever landed in Chaska, Bonnets, Hats, Ribbons, Laces, and a thousand other attractive little articles can be seen by calling. Drop in and see her goods, whether you wish to buy anything or not.

NOT HERD FROM.—These heavy republican gains, that our ardent radical friends kept predicting before election. We can't see them,—the boot seems to be on the "tother" foot.

A PLEASANT PARTY.—We had the pleasure of attending a very pleasant Quadrille party, at Shakopee on Thursday evening. That "prince of good fellows," Dick Huntsman was at the head of affairs, which accounts for the pleasant manner in which it was conducted. The beauty and fashion of Shakopee, were in attendance, and certainly reflected credit upon our neighboring city.

CIDER.—Messrs. Theis & Salter have several barrels of fine old Ohio Cider on hand. If you wish a rich treat, call and get a gallon.

BIG TURNIP.—An English turnip, weighing seventeen pounds, raised on the farm of John Mann in this town, can be seen at the Post Office.

JARRIED MERRILL ESQ. of Camden informed us a few days since, that the time intervening between the last snow storm in the spring, and the first on this fall, was five months to a day.

NEW POST MASTER.—G. A. Du Toit has been appointed P. M. at Carver, vice Dr. Davis, who resigned. Commission of the new P. M. bears date Oct. 14th.

ARTHUR'S HOME, and Children Hour magazines for November are received, and sustain their former reputation.—Illustrations are beautiful, and the literary articles are even more chaste and interesting than formerly. Next week we will endeavor to publish prospectus of each.

COMMISSIONERS ELECT.—L. H. Griffin, radical is elected Commissioner in the 1st District, by 18 maj. he ran considerable behind his ticket. Edward Reuss (Dem.) is elected in the 5th District, and M. Kelly, (Dem.) in the 4th district.

APPLES! APPLES!

Messrs. Theis & Salter have on hand a large assortment of splendid apples, which they sell cheap. Call at the Post Office stand.

CLOTHING HOUSE.—We had occasion to refer a few weeks ago to the Wholesale and Retail Clothing House of C. C. Griswold, 3d Street St. Paul where many of our Merchants and citizens buy their Clothing. We would earnestly request them to give Mr. Griswold a call, and we guarantee satisfaction in both prices and qualities of goods. See Card in another column.

OUR SCHOOLDAY VISITOR.—Is now acknowledged to be one of the best and handsomest, and by far the cheapest Magazine for Boys and Girls published. The table of contents for November presents its usual attraction of good articles from some of the best writers in the country.

The Publishers, however, are determined to make the Visitor still more attractive and valuable for 1868, and with the commencement of the twelfth year and volume next January, it will appear in entire new dress, new type, &c. &c., and bound each month in a neat tinted cover, printed in color.

The January number for 1868, will contain an interesting story by S. G. W. Benjamin, entitled, adventures of Tom Roper, full of increasing interest, vivid and full descriptions of foreign countries, manners and customs, thrilling adventures and exciting personal experiences, both by sea and land, handsomely illustrated; Ruth's Boat, a charming story by the renowned juvenile writer, Jacob Abbott; A Sketch on Natural History entitled, Life in a Goose Pond, by Geo. S. Burleigh; Having One's Wish, a story of the Olden Time, by Alice Cary; Only Four, the first of a series of musical contributions, by the celebrated composer, Geo. F. Root, beside quite a number of shorter articles, Poems, Sketches, Stories, a Dialogue, &c. &c., from the pens of eminent writers.

The publishers offer as an inducement to subscribers, to send the last two numbers for 1867 free to all new subscribers for 1868, whose subscriptions are received on or before the first of December next.

The price remains the same: \$1.25 a year, and to clubs \$1.00. Attractive Premiums are offered to those who form clubs. Address

HUNTING PARTY.—Capt. Chas. Johnson, Dr. Davis, Frank Warner and Geo. Hoem were out last week on a "Hunting excursion." They were gone three days, returning with 2 fine bucks, we believe they intend going out again the coming week, deer are quite scarce in the direction of Glenwood where last year they were very plenty.

GONE EAST.—H. Rogers, our Hardware merchant, left on Monday last for Chicago to get a lot more goods.

RETURN OF AN OLD CITIZEN AND FRIEND.—We were made glad on Monday last, by receiving a call from our old friend Chesley B. Terrell, of the Gallant 1st Minnesota Regt. Chesley in 1859 practiced law in your town, and upon breaking out of the war enlisted as a private in the 1st, participating in nearly every engagement, the Regt. was in, when the 1st Battalion was organized he rec'd. a commission as 1st. Lieut. of Co. "C" and during an engagement the Battalion was in front of Petersburg, Va. he was struck by a minnie ball in the arm, shattering it so as to make it almost useless. He intends coming to Minn. this fall.

REMOVED.—Our esteemed fellow citizen, Dr. Bray, (with his family) left town for their new home near Young America this week. We are very sorry indeed to lose the Dr. and his estimable lady, we hope soon to chronicle his return to our town.

A CURIOSITY.—I have received from Wm. B. Mohler at La Crosse 4 pieces of "Petrol Moss" got up on the Chippewa River by Billie. It is quite a curiosity, call and see it at the Post Office.

MOVED.—The school under charge of Mr. E. S. Brown closed on Friday last. We hope Mr. B. services will be secured for the winter.

GO AND SEE.—The Handsome lot of new Photograph Albums just rec'd at the Drug Store of Geo. A. Du Toit, also a splendid new lot of Toys and Fancy Goods.

MOVED.—Iac. Buche has moved into his new building next to the Livory Stable. COMMENCED AGAIN.—We neglected to mention last week that Dr. Davis had commenced practicing again. He has given up the idea of going to Big Stone Lake, and will give his practice his entire attention hereafter. His office is at the Store of G. A. Du Toit, where he will be found at all times when not away on professional business. The Dr. has also reduced his charges considerably and hope to receive calls from all who are in need of a Physician.

The publishers will commence, on November 1st, the issue of Harper's Bazar, a Weekly Illustrated Family Journal, devoted to Fashion and Home Literature. The patrons of Harper's Bazar will receive every fortnight large pattern plates, containing from forty to fifty full sized patterns of ladies', misses', and children's bonnets, cloaks, dresses, under-clothing, and other articles, accompanied with the necessary descriptions and directions, and occasionally an elegant Colored Fashion Plate of the size of Harper's Weekly. The articles upon public questions, which appear in Harper's Weekly from week to week form a remarkable series of brief political essays. BAKON HOLSTEIN.

His Little Affairs with Mrs. Sumner—A Divorce in Prospect.

From the Washington Star, Nov. 2.

The Summer-Holstein affair is the burden of a gossip half column of newspaper matter originating in Boston and ejected from New York on to the general sea of journalism. As usual, when the public take up the domestic matters of public men, it naturally falls into a few errors, which it is the purpose of this paragraph to correct.

In the first place, Baron Holstein, who is represented as the target for the "glittering specialties" in an interchange of diplomatic notes between Count Bismarck and the Chairman of the Senate Committee on Foreign Relations, has never been attached to the Prussian Legation in this city. He came to this country more than a year ago, in a leave of six months' absence, granted by Bismarck, who employed him in the Berlin Department of State. The Baron has been so much interested in the "glittering specialties" of New York, and as a general matter, was the lion at Saratoga in the summer of '66. There he met in the meshes which the gay season were around him the lady with whose name he was so frequently mentioned. Returning to

Washington, he applied for and was granted another six months' leave of absence. He flitted through the cavities of last winter, and was more noticeable for the select company he kept than for good looks or brilliant accomplishments.

When his second leave expired he asked for another extension, but Bismarck objected, and Holstein was required to depart at once for Berlin. He was not recalled at the instance of Senator Sumner, as has been stated, but merely obeyed the summons of the great diplomatist, with whom he is now intimately associated. It is true that the lady to whom the Baron was so constant a cavalier has also gone to Europe, but for the purpose, it is stated, of restoring impaired health. The crispy society of Boston talks the scandal over, and simply says that the lady has been "indiscreet." But the under current of this city's gossip maintains that it knows more about, and that divorce means of there will now be granted.

How It Is.

When the center of a body of water is agitated the shores feel the effect last and. The first waves may dash high and be formidable, but the gravelly beach is washed by only the slightest ripple. Anybody can illustrate the fact by throwing a stone into a pond of water.

Such seems to be the case in this year's elections. The populous and central States—New York, Pennsylvania, Ohio, Maryland, Connecticut, Kentucky and Indiana, have all given magnificent Democratic victories. As the wave rose farther from the center, however, it lessened in its proportions. It is smaller in Wisconsin than in New York, and smaller in Minnesota than in Wisconsin. But the next wash of the tide will also reach us at flood height—Pioneer.

The Victory in New Jersey.

One-third of the members of the Senate in New Jersey, and all the members of the lower house. The Democrats swept the field—not a single radical was elected. This is about the cleanest "usual gathering" of the year.

Still Another Victory.

The Democrats carried the town election, in New Haven, Conn., on the 5th, by a majority of over 4,000! Has the Press heard from New Haven—of course not—and its benighted readers are therefore laboring under the belief that the people eastward are still voting for the "late lamented" and the live ogger.

NEW YORK.

Democratic majority about 43,000—Gov. Andrews.

New York, Nov. 11. The Tribune makes the Democratic majority of this State about 43,000.

There was a full meeting at the Union League Rooms to-night, speeches were made and resolutions adopted expressive of sorrow at the death of Gov. Andrews, and in respect for his memory.

The State University.

The people of the State will be gratified to learn that this institution is in a flourishing condition. There are some sixty students in attendance, with every prospect of prosperity. Too much credit cannot be bestowed upon the Regents, Messrs. Pillsbury, Nichols and Merriman. They have managed the affairs of the University exceedingly well.—Pioneer.

RICHMOND.

Court Martial—Negroes Mob a Negro Man.

RICHMOND, Nov. 1. Gen. Schofield to-day ordered a court martial to be held the 18th inst. to try the case of Col. Rose, conductor of the elections here, the mobbing of Major Bledsoe, a former Bureau agent in King William County, by negroes there. An attempt was made by the civil authorities to arrest the ringleaders, but the blacks had resisted and the military was called out. The leading colored citizens will publish a card to-morrow, disavowing the incendiary language of Lindsay, the colored delegate to the Convention.

EUROPE.

THE SONS OF GARIBOLDI STILL AT LARGE.

LONDON, Nov. 8. The friends of Garibaldi state that at the battle near Monte Rotondo he had only 4,000 men. The Standard says the sons of Garibaldi are still at large, though concealed.

GARIBOLDI'S TRIAL.

Florence, Nov. 8. Garibaldi is to be tried at Florence.

Florence, Nov. 8. Evening. The trial of Garibaldi has been postponed, it being considered doubtful whether any of the courts have jurisdiction in his case.

HOME ITEMS.

HERALD AGENT CARVER—G. A. DuToit.

Will not those of our friends who are owing us for subscription please send us the money as soon as possible. Wood will also be received in payment for the Herald, and should be sent in at once.

MORAVIAN ACADEMY.

We are informed that this popular institution received quite an accession to its ranks the past week—a number of pupils from abroad having arrived to attend. We can cheerfully recommend this institution to our friends abroad. It has no superior in the State as an institute of learning.

SHARPEE SPECTATOR.

The Spectator comes to us this week, with a new name at its mast-head. Frank J. Mead so long and so favorably known, as having been connected with the Editorial columns of the Pioneer, has assumed charge. Frank is a spy writer and we have no doubt but that he will give entire satisfaction to our Scott County friends. Messrs. Brown and Russell retire from the Spectator with honor.

ICE HOUSE.

Our young friend Peter Itis is engaged building a large and spacious Ice House near his Store. We should judge that it would hold enough to supply the town at large.

POTATOES.

These articles have been selling on our streets for the extraordinary high price of 80 cents per bushel, and even scarce that. We are in hopes of seeing the price come down, somewhat, for it is rather a high figure this season of the year.

THANKSGIVING.

We would call the attention of our readers to the Governor's proclamation, appointing the 28th day of Nov. as Thanksgiving. Prepare your Turkeys, and don't forget the printer.

TO SUBSCRIBERS.

We would again call the attention of our delinquent subscribers to the "standing" appeal at the head of our local column. We must receive our pay for last years subscription forthwith. Let this notice suffice.

CATTLE FAIR.

The cattle fair last Saturday was not as well attended as it should have been, still a large amount of stock changed hands. Cows brought good figures. We saw some sold for \$45 per head, other stock almost in proportion. Our merchants had a good day, and sold a large amount of goods. Large quantities of wheat was received, for which the farmers received \$1.50 per bushel.

OYSTERS.

Messrs. Thies & Salter, have a fresh supply of Booths' celebrated Oysters on hand. Those wishing a good article should call at the Post Office stand.

THE Valley Railroad has been ironed

to within three and a half miles of LeSueur, and the cars will run into the village before the New Year.

NEW GOODS.

Henry Young has just received a large invoice of new Dry Goods. The ladies of our community should give Henry a call before purchasing elsewhere.

VENISON.

We observed during the week, hunters with several fine bucks upon our streets for sale. They were in a splendid condition, and readily sold for 7 cents per pound.

WEATHER.

We had some very cold days last week, that rendered fur caps and overcoats a necessity for comfort. The past week, the weather has been almost pleasant, still winter is close by, and we might as well prepare for its coming.

CHANGE OF TIME.

We would call the attention of our readers to the change of time on the Minn. V. and Milwaukee and St. Paul roads.

Several small, but neat dwellings

have recently been erected in the lower part of town, so far out that they almost escaped our attention.

BARBERS.

Our large fleet of barges are down to St. Paul, with the last loads this season. Wood was the principal cargo.

FALL PLOWING.

We are pleased to notice, that our farmers are doing so much fall plowing, as it is essential to insure a good crop. This years wheat crop demonstrated the fact, that wheat sown early yielded fully one third more. The pleasant weather thus far has greatly favored the farmer in his work.

WHEAT.

Has come in quite freely for the past week. It has commanded from \$1.45 to 1.60 per bushel.

New Adv.

We would call the attention of our readers to the adv. of Wright Bros. & Co., Importers of Jewelry, New York. They enjoy a good reputation.

We would also call the attention

of the ladies to the adv. of the Empire Sewing Machine Co. No. 616 Broadway New York. Read their advertisement.

Literary Notices.

ARTHUR'S HOME MAGAZINE.—The December issue closes the year with a highly attractive number. This is one of the live, progressive magazines, and while it gives ample space to matters of fashion and needle-work, which department is under the supervision of Miss Demorest, it also contains a large amount of the most valuable and varied material of the literary world.

We notice that a new serial story from the pen of Miss Virginia F. Townsend, will be commenced in the January number, and that the author of "Ten Nights in a Bar Room," will begin, in the same number, a new series of "Temperance Tales"—attractions sufficient to give any Magazine the widest popular favor. The terms of the Home Magazine are \$2 a year, 8 copies for \$5; 4 copies for \$2; 8 copies with an extra copy to get up of club, \$12, and 15 copies for \$18. Specimen number is free. Address T. S. Arthur, 308 and 310 Chestnut street, Philadelphia.

HARPER'S BAZAR.

This is a new Weekly of fashion, issued by the distinguished publishers of the Harpers' Monthly and Weekly Magazines. It furnishes every week the latest modes of both ladies and gentlemen, besides supplying a choice selection of literature. It will be indispensable to those wishing to keep up with the latest styles. We predict a bright career for the Bazar. See Advertisement on our fourth page.

HARPER'S WEEKLY.

This unrivaled Weekly stands so high in our community, that we hardly think a recommendation from our pen necessary. We merely refer you to prospectus on fourth page.

THAT STONE.

That run of Stone in the Carver Mill which we mentioned last week is being put up and will be in operation the coming week. The proprietors inform us that they will then be able to grind 20 bushels to the hour.

LUCKY.

One of our boys in town has fallen heir to a small fortune. "Better be born lucky than rich."

ANOTHER LARGE LOAD.

Charley Hall, that prince of good fellows, and Clerk of the "Chippewa Falls" informs us that the Falls brought up one of the largest loads of freight on her last trip up, that has come over the river this season. Capt. James Houghton is in command.

SUBSIDIES.

The Carver Mill Co. shipped by Steamer Chippewa Falls on Monday last, 500 barrels flour for the Chicago market, and 500 more remains to be shipped the coming week. E. Holmes also shipped to Chicago 1000 sacks wheat and 200 barrels Cranberries.

RETURNED.

H. Rogers returned from Chicago on Saturday. Goods by the quantity are following him up.

Coin.

Wednesday and Thursday last week were "cold snorters" for this time a year. Overcoats and Fur Caps were in demand.

IMPROVEMENT.

Thomas Newman "the butcher" is building an addition to his house which is intended for a butcher shop, it is a neat little building.

THE ELECTION.

The election on Tuesday passed off very quietly, no disturbance of any kind, a large vote was polled.

PERSONAL.

our town a flying visit on business Friday accompanied by W. D. Stanton.

"A Repository of Fashion, Pleasure, and Instruction."

HARPER'S BAZAR.

The publishers will commence, on November 1st, the issue of Harper's Bazar, a Weekly Illustrated Family Journal, devoted to Fashion and Home Literature. Their aim is twofold: to supply the existing need of a Weekly Fashion Magazine, and to combine therewith a first-class literary journal, which will be indispensable to every household.

Arrangements have been made, at an immense cost, with the most celebrated of the Fashion Papers of Europe, especially with the famous Bazar of Berlin, which supplies the fashions to the leading journals of Paris, to furnish the same to them in advance, so that consequently the fashions will appear in Harper's Bazar simultaneously with their publication in Paris and Berlin.

Advantage is thus secured by no other journal in the country.

The patrons of Harper's Bazar will receive every fortnight a large pattern-plate, containing from forty to fifty full-sized patterns of ladies' dresses, and children's bonnets, cloaks, dresses, under-clothing, and other articles, accompanied with the necessary descriptions and directions, and occasionally a full and elegant Colored Fashion Plate of the size of Harper's Weekly.

Harper's Bazar will contain 16 folio pages of the same of Harper's Weekly, printed on super-fine colored paper, and will be published weekly.

SUBSCRIPTIONS.

1888.

The Publishers have perfected a system of mailing by which they can supply the Magazine, Weekly, and Bazar promptly to those who prefer to receive their periodicals directly from the Office of Publication. Postmasters and others desirous of getting up Clubs will be supplied with a Show Bill on application.

The postage on Harper's Bazar is 20 cents a year, which must be paid at the subscriber's post-office.

TERMS:

Harper's Bazar, one year, \$4.00

An Extra Copy of either the Magazine, Weekly, or Bazar will be supplied gratis for every Club of Five Subscribers at \$4.00 each, in one remittance, or Six Copies for \$20.00.

Back Numbers can be supplied at any time.

The Annual Volume of Harper's Weekly, in neat cloth binding, will be sent by express, free of expense, for each. A complete set, containing ten volumes, sent on receipt of cash at the rate of \$5.00 per vol., freight at expense of purchaser. Volume XI, ready January 1st, 1888.

Subscriptions sent from British North American Provinces must be accompanied with direct additional, to prepay United States postage.

Thanksgiving Proclamation

STATE OF MINNESOTA.

EXECUTIVE DEPT. ST. PAUL, NOV. 23, 1867.

In accordance with law, and the good custom

of our fathers, I appoint Thursday, November

23rd inst., as a day of Public Thanksgiving to

be observed throughout the State.

Let the people in public assemblies and in

family reunions lift up their hearts to God in

grateful praise for all His goodness and mercy

towards us.

He has blessed us with peace in all our borders,

with plenty in our harvests and health in our

homes.

"He hath crowned the year with his good-

ness."

He hath proclaimed liberty throughout all

the land; to all the inhabitants thereof.

Let us observe this national festival with joy

and gladness—with Thanksgiving and praise.

Given under my hand and the

Great Seal of the State at St.

(Great Seal) Paul the day and year first

above named.

WM. R. MARSHALL.

By the Governor:

H. C. ROGERS Sec'y of State.

STILL LIVES.

The radical party have all of a sudden

come to the sage conclusion that the

Democratic party is not dead, but that

it is all alive. Some of our republic-

an exchanges have been hugging the

delusion for three or four years past that

the party was as dead as Julius Caesar.

But within the last year they have come

to the conclusion that they were

woefully deceived, and that they are actu-

ally fighting a live corpse, one that

kicks not only right, but left with equal

impunity, and even went so far as to

kick them out of power in California,

Connecticut, New York, New Jersey,

Ohio, Pennsylvania and Indiana, and

the disease spread so badly in

Wisconsin, Minnesota, Iowa, New Hamp-

shire and other Northern States, that it

keeps them from enjoying their usual

quiet.

Congress has a great many committees

on various tours of duty just now—

one in Connecticut, to see if any excuse

can be found for ruling out a Democrat-

ic member; one in Maryland, to see if

that State has any right in the Union,

and dozens on general corruption.

Now we recommend that they appoint

one more committee at its earliest con-

venience—a committee to find out what

is to become of the great Republican

party.

Negro Suffrage.

The Press concedes that the suffrage

question is defeated in the State, by

about 1,200 majority. This is a bitter

pill to some of our radical, negro wor-

shipping friends, who made this the

issue of the campaign. They are badly

beaten.

Another Eastern Item.

A dispatch from Bangor, Me., of the

17th, says:

Sleighs have appeared in our streets,

and exceedingly cold weather for the

season prevails. There is every indica-

tion to-night that navigation will close

immediately, although many are hope-

ful that we shall have two or three weeks

moderate weather and open rivers to

compensate for the cold snap we are now

experiencing.

The above is a pleasant item for those

who croak about the climate of Minne-

sota.

We commend to this class, also, the

dispatches giving information of the

cold weather in Vermont, and the clos-

ing of Lake Champlain by ice.

Still Better.

Official returns from 48 counties and

the reported majorities in New York

and Kings counties, give the Democrat-

ic State ticket 59,283 majority.

This Boston case came in yesterday

morning covered with snow.—N. Y.

Tribune, 14th.

We find similar paragraphs to the a-

bove, in other Eastern papers, and yet

the poor creatures who live in that sec-

tion, shiver in their boots at the idea of

living in a Minnesota climate.—N. Y. com.

—They make cotton thread and cloth

in Georgia, but send it to New York for

a market.

Grant and Wade.

Washington (Nov. 18th) Correspondence Cin-

cinatti Commercial.

General Grant earnestly protests that

he never talked "horse" to Ben. Wade

in his life. In conversation on the sub-

ject with a friend, a few days since, he

said he did not remember having ever

met old Ben, to talk to him, except once,

and that was at one of the Speaker's re-

ceptions last winter. An allusion hav-

ing been made to West Point, old Ben,

said it was a nest of—traitors. "This

veiled me a little, I told him it wasn't

so; that while it was true that a good

many West Pointers had joined the rebel

cause, it was also true that the propo-

rtion was much smaller than had been

turned out of the cradle in which he

(Wade) had been rocked—meaning the

capitol. I showed him that every South-

ern man in Congress, with one or two

exceptions, joined the rebellion, while

less than half the Southern West Point-

ers did so. I didn't talk a word of

horse to him from beginning to end."

Appalling Series of Disasters in

the West Indies.

We have hardly reached the details

of the terrific cyclone at St. Thomas, in

the Caribbean sea, when the dispatches

bring us accounts of a similar visitation

at Porto Rico, a Spanish West Indian

island.

By the effects of the latter tornado

200 lives were lost and 4,000 families

left homeless. Tortola, a small English

island containing 10,000 inhabitants, was

completely submerged, and every soul

on the island is supposed to have perished.

The damage to shipping in these series

of storms has reached \$12,000,000.

There are doubts about the advantages

of Mr. Seward's recent purchases if

these affairs are common. So great a

destruction of life and property has only

been witnessed in some of the devastat-

ing East Indian cyclones.

SPRINGFIELD, ILL.

Settlement of Lincoln's Estate

—Mrs. Lincoln has nearly \$37,-

000.

SPRINGFIELD, ILL., Nov. 14.—The

Hon. David Davis, administrator of the

estate of the late Abraham Lincoln made

a final settlement of the estate yesterday.

After paying all the debt there remain-

ed \$110,129.02, which divided among

widow and heirs gives \$36,765.30 to

Mrs. Lincoln, and same amount to each

son. Robert T. Lincoln received his

share, and also that of the minor heir

Thomas, "Thad." The amount due

Mrs. Lincoln, less about \$4,000 hereto-

fore drawn by her is subject to her or-

der.

Peculiarities of Hotel Clerks:

Some one who has had experience

writes: "A hotel clerk is the embodi-

ment and concentration of dignity. If

his health is to be judged by his dig-

nity, he must be possessed of several

millions. Go and ask of these lodging-

house potentates of the whereabouts of

some friend of yours who may be an in-

mate of the house. Providing you are

a major general or a congressman, you

may receive a satisfactory answer. If

you are a brigadier you may get a vague

one. If a colonel, it may be necessary

to wait three or four minutes. If a cap-

tain or lieutenant, six or seven. If a

civilian—but words fail to convey an

idea of the manner in which civilians are

crushed and subjugated when they pro-

pound their inquiries. Not that he is

rude. Oh, no! But there is a majesty,

a loftiness, an exaltation, a consciousness

of power in his words, looks and ges-

tures which reduces the inquirer in his

own estimation to the last verge of inferiority.

Christians who are always strong to

humble and abase themselves, whose beset-

ting sin is pride, just come down here

and take a dose or two of hotel clerk-

dom. Whenever I feel that I need taking

down a peg or two, I have a never-fail-

ing remedy. I merely step into one of

our first class hotels and ask, "Is Mr.

Smith stopping here?" and the great

man, after the necessary delay, lifts his

eyes, and I feel that I am a worm, and

when he speaks I deem myself a China

man.

New York Election.

ALBANY, Nov. 16.—Official returns

from forty seven counties, and reported

majorities from the remaining thirteen

counties, give the Democratic State tick-

et 48,922 majority.

The richest men in Congress are Sen-

ator Sprague of Rhode Island and Sena-

tor E. D. Morgan of New York, and

Representative Oakes Ames of Massachu-

setts. Each of these gentlemen have

incomes of nearly half a million a year.

It is stated that Hon. John A. Bing-

ham, of Ohio, since the election, has

turned conservative; that he denounces

impeachment as a humbug, and says he

would be the death of them as a party.

Bingham is not the only radical who has

been brought to his senses by the recent

elections.

The Maryland Legislature is unani-

mously Democratic, not a Republican

having been returned.

tina Dressel, aged 3 months and 17 days.

BENEFIT RAFFLE.—We would call

the attention of our readers to the adver-

tisement of Mr. John Engler in an-

other column. Owing to sickness in his

family Mr. Engler is driven to this step,

and places before the public an invoice

of valuable articles, ranging in value

from \$4 to \$60. Necessarily alone com-

pels him to thus parade the personal ef-

fects of his family before the public.

He wishes to realize enough from this to

pay his debts. Will not our citizens

give him a helping hand, by at least

taking one ticket each? They can thus,

without inconvenience to themselves

help a deserving individual. Ticket

\$1.00, to be had at all the principal

stores in town. Read adv.

EXHIBITION.—We understand there

is something of this kind in contempla-

tion at the Moravian Academy to take

place at the close of the present term,

we believe the latter part of December.

advantage enjoyed by no other journal in the
country.

The patrons of Harper's Bazar will receive
every fortnight large pattern-plates, containing
from forty to fifty full-sized patterns of ladies'
trains, and children's bonnets, cloaks, dresses,
under-clothing, and other articles, accompanied
with the necessary descriptions and directions,
and occasionally an elegant Colored Fashion

weekly.

CHASKA, SATURDAY, NOV. 30, 1867.

CONGRESS.

Congress assembled on the 21st, being an adjourned session. The greatest object of the session as stated by prominent members of the July session, is to impeach the President and remove him from office, thereby making room for that 'Loyal' and 'Christian' gentleman Benj. F. Wade to take a seat in the Presidential Chair. But as Benjamin having been recently repudiated by the people of Ohio as their Senator, it may be somewhat doubtful if Congress will make place for one the people have rejected. Now so far as impeachment is concerned it will be very remarkable, if after two years investigation by partisan and prejudiced persons, that misdeeds can not be found sufficient in partisan eyes, for the removal of the President, and therefore we are prepared to see such a revolutionary proceeding consummated. We could wish however, if our Country is to be disgraced by such proceedings, that his impeachers were honest men themselves, and that they had never been guilty of the same or worse misdemeanors. It must be adding insult to injury to the President to have old Ben Butler, Chandler, Ashley, Stevens & Co. to pass judgment, upon his honesty and fidelity to the Constitution. If a man is to be tried for stealing Hams it must be mortifying to be convicted by a Jury who helped steal them, and in addition convert the proceeds to their own use. Our only advice to our Republican friends is to be sure that you nominate and elect honest and loyal men to positions of honor and trust, and if you don't understand who you are voting for, as to their honesty and patriotism, just receive advice from the democrats, they told you that Johnson was not the best man for that position, but you would not believe it. It is extremely mortifying to our national pride, to hear many of you say that you would rather have Jeff Davis for President than Johnson, but next time we hope a sufficient member of our Republican friends will vote for the nominee of the democrats, and we will guarantee that there will never be need of an honest Congress decapitating him.

IMPEACHMENT.

Subject Postponed Till Next Week.

WASHINGTON Nov. 25. A majority of the Judiciary Committee, recommended the impeachment of the President—Messrs. Williams of Penn. Boutwell of Mass. Thomas of Maryland. Lawrence of Ohio and Churchill of New York, sign this report. There are two other minority reports.

WASHINGTON Nov. 26. The galleries of the House was crowded to hear the impeachment reports, but being so lengthy, they were ordered to be presented without being read, and the whole subject was put over till Wednesday next week. Leading advocates for impeachment claim from 10 to 25 majority.

The Speaker of the House is making up his committees on Judiciary, election, banks, and commerce. The committees are very much as they were last year, but it is thought that on banking they are hardly as friendly to the national banks as the old one was.

The Committees on appropriations is very strong and will be economical. Mr. Stevens is Chairman, but his health is poor, and E. B. Washburne will probably be his head.

Two Kinds of Money for Two Kinds of Men.

From the New York Herald.

This is the financial plank in the radical platform—"two kinds of money for two kinds of men." Nation bank rags for the people and national gold coin for the rich bondholders. Who goes for the party that is for making the rich richer and the poor poorer.

Robbery of the West.

The Chicago Tribune says:

As the West is robbed to-day without any practical limitation, for the sole purpose of filling the already gorged and bursting pockets of the mill owners and iron masters of the East, we are determined that their exactions shall not be multiplied without such resistance as we are able to initiate.

Will republican newspapers of Minnesota have the kindness to republish this for the information of their readers?

Gen Grant's Politics.

Washington Cor. C. Commercial.

Any authentic item of news relative to Gen Grant's politics must be a matter of interest to the reading world at this time—something like a chapter on the source of the Nile, or the exact whereabouts of the North Pole, or other revelations around a fact in physical or moral history around which a halo of mystery hangs. If the General would take a friend's advice, he would give the world the benefit of his opinions through the medium of an interview from the Commercial, but, like the gory and harrowing tale of the ghost in Hamlet, "This eternal blazon must not be torn of flesh and blood."

So the public are left to work out the problem as best they can. Here, then, is a slight contribution, on the principle that every little helps. Among the witnesses summoned before the impeachment committee was Col. Hillyer, formerly of Gen. Grant's staff, now a Federal office-holder in New York. What he testified to or was supposed to know detrimental to A. J., I cannot say, but yesterday met Mr. Eldridge, of Wisconsin, (a member of the committee) on Pennsylvania avenue, and addressing him, said he supposed it wouldn't be necessary for him to revise the report of his testimony. "No," Eldridge said, "that would be all right." "Well," said Hillyer, "there's one thing you might have got out of me if you had put the question to me, and you came mighty near doing it when you were examining me about Grant." "What is that?" said Eldridge. "Why," replied Hillyer, "I heard a conversation between General Grant and the President some time ago—no only time I ever heard them talk politics. Grant seemed to be very earnest about it, and bringing his hand down heavily on the table, said he (Grant): 'Mr. President, demagogues may talk as they please, but this is a white man's government, and none but white men should have a voice in it.'"

Now, the above statement is not a mere fragment of a copperhead imagination. It is precisely what was related to me by Mr. Eldridge, with permission to print it, just after the conversation between him and Col. Hillyer.

Gen. Corse.

At the banquet of the army of the Tennessee in St. Louis Gen. Howard eulogized the gallantry of various officers. The report says:

"Of Gen. Corse he said that he had looked in vain in this crowd for a General who ought to be visible to him, but he was here. He had looked for him on the stage last night and he was not there, but in battle there had never been any difficulty in finding him. He alluded to General Corse [A voice: Of course you do.] We all remember that Gen. Sherman looked down from Kenesaw and saw him 20 miles away and talked to him. Do you remember the answer he got? I think I can tell it. He said: 'I have lost part of my check and an ear, but I hold out still.' These may not be the exact words.

Gen. Sherman—You haven't got it right, General. His words were: 'I have lost a check bone and an ear, but I can whip all hell yet.' [Tremendous applause.]"

RICHMOND.

Trial of Jeff. Davis—Witnesses in Attendance.

RICHMOND, Nov. 24. Mr. Davis' trial commences on Monday. Fifteen witnesses, summoned by the Government, including Gen. A. Seddon, late Confederate secretary of war, and Gen. Joseph Johnston.

Chase and Underwood will arrive on Monday forenoon. Mr. Davis has been busy nearly all day with his counsel.

Mr. Davis' counsel say they are ready to go on with the trial. R. B. Lee will be here to-morrow as witness. Mr. Davis attended church this morning.

RICHMOND, Nov. 25. Chief Justice Chase did not arrive, consequently no trial of Jefferson Davis to-day.

Among the witnesses summoned for the government are Messrs. Magruder, Mahon and Wickham of Virginia, and General Gordon of Georgia.

A resolution has been passed by the Councils of Cincinnati requesting their Senators and Congressmen in Washington to protest against any further contraction of the currency, and also to advocate the payment of the bonds, except those for which the National faith is pledged for redemption in gold, with greenbacks. The resolution, which was passed by a vote of twenty-two to eight, is to be forwarded to Washington.

According to the above, the Cincinnati Enquirer says:

"A large majority of the members of the City Council have been converted to the popular idea of redeeming the bonds in greenbacks. A resolution was passed yesterday, asking our representatives in Congress to vote for such measure, merely."

A dispatch from Washington says that on the first day of the session of the Senate Hon. D. S. Norton, of Minnesota, was in feeble health, scarcely able to be in his seat.

HOME ITEMS.

HERALD AGENT CARVER—G. A. Du Toit.

Will not those of our friends who are owing us for subscription please send us the money as soon as possible. Word will also be received in payment for the Herald, and should be sent in at once.

MISTAKE.—The Chatfield Democrat erroneously states that "Geo. A. Du Toit, editor of the Valley Herald has been appointed postmaster at Chaska." This is a slight mistake. Geo. A. Du Toit has been appointed postmaster at Carver.

F. E. Du Toit is the editor of the Herald. George is just as good a Democrat and as good a fellow as his "big brother" Fred, however, and the change is just as proper as Fred's appointment would be.—Spectator.

Friend Frank has set the "matter to rights," in so modest a manner that it relieves us from a "world of embarrassment." Who ever heard of such an absurd thing—a country editor receiving a federal appointment!

THEATER AND BALL.—The Concordia have issued posters, which announce to the public that they will give one of their grand entertainments on Saturday evening, Dec. 7th at 8 o'clock. The performance opens with a Concert, then follows a Theatrical piece in two acts, the whole to conclude with a Ball.

The Society have had considerable practice, and with the advantage of Mr. Kerkers superior musical knowledge, they have been able to acquire a degree of proficiency otherwise impossible to have attained.

We have no doubt but what their entertainment will be very interesting. A good band of music will be in attendance.

PERSONAL.—We had the pleasure of meeting our young amiable friend Zene Bohrer, on his way home from a business tour up river. Zene has the confidence of all our business men. How about that business card, Zene?

Our townsmen and building contractors Noble & Kirochner are home again. They concluded their contract last week. Rumor has it that Lyne, is about stepping into another state. How is it Lyne?

S. B. CUTLER.—At the urgent request of the business manager of the Chaska Mill Co., the officers of the Cutler were induced to make a trip to our town on last Saturday. They came up in the evening, and proceeded to Carver to discharge some freight and returned immediately, loading on 350 barrels of flour, a large quantity of brand, some thousand staves, and returned to St. Paul Sunday forenoon, well loaded with Chaska freight. So the last boat of the season left the port of Chaska, Nov. 24th. Who says Minnesota weather is intolerable, when steamboats can run up to Dec. 1st?

COUNTY BOARD.—The County Commissioners meet in session on next Tuesday. All those having business before the Board should be on hand, as the session will be a short one.

WINTER GOODS.—Warner & Co., and Faber & Co., have on hand a large assortment of winter goods. Call and examine their extensive stock.

HOOP-POLES.—We see that these articles are being brought into market. They bring \$8 in store trade. Last winter stock is not all disposed of yet. Mr. L. Warner, has a gang of men shaving them, for ready use. We hardly believe they will bring as good a price as they did last winter.

RECOVERED.—We are happy to see that our friend W. B. Newcomb, who was confined at home for a number of days, has recovered sufficiently to take personal charge of his business affairs at St. Paul.

AMUSING.—The fight between the two Wahabash County papers and the St. Paul Press. Frank, go in on your nerve, we'll bet our bottom dollar on your holding your own, against the two.

THE WEATHER.—We have enjoyed a remarkably fine fall, in fact the weather has been beautiful. At the present time of writing, the atmosphere is somewhat colder, and we look for a snow storm within a very short time.

Toss! Toss!—Mrs. F. Salter has a fine assortment of Toys of every description for the Holidays. Call at the Millinery stand and see for yourself.

GODEY'S FOR DECEMBER.—The "favorite" for December is upon our table. It is truly a Holiday number, and abounds in choice literary articles, and beautiful embellishments. "The Broken Window," cannot fail to attract your attention. The Title-page is a beautiful plate handsomely engraved on Steel. Then we find something they call "Berlin Works," a rich colored embellishment in eight colors. This is the most expensive piece of printing that has ever been given by any publisher.

The publishers also announce that they will, commencing with January, and give frequently large folding sheets of fashion and other cuts, in addition to the usual quantity that appears in the body of the Book. Marion Harland, will commence a new novelle, entitled "Phemie Rowland" in the January number.

We understand that a club is being raised for this excellent magazine. Mrs. Jas. Delamater has the list and additional names can be added from time to time at club rates. See prospectus in another column.

ATTENTION.—Read the notice of Mr. Henk in another column. It contains an important announcement to some. They should meet the requirements promptly.

—Our Stores are all well filled with a choice assortment of Dry Goods and Groceries. Call and examine the stock.

THANKSGIVING.—A Thanksgiving sermon was preached at the Moravian Chapel on Thanksgiving day, by Rev. C. L. Reinke.

SNOW.—We were visited with a light fall of snow, on Thursday. It is time for good sleighing.

Go to the Bryant and Stratton Commercial College St. Paul, and obtain a sound practical education. See advertisement in another column.

Carver Items.

Our Special Correspondent.

A PERFECT PIECE.—R. L. Gorman has just received from St. Paul a beautiful "shot gun," and complete in every particular. It is one of "Colts patent" and cost Mr. Gorman \$50. It was made to order we believe, all who wish to examine it can do so by calling at the store of Jas. McKnight.

SINGING SCHOOL.—We understand that there is soon to be opened a singing class here continuing during the winter, under charge of Mr. E. S. Brown. Mr. B. is thoroughly competent and we would recommend those who wish to become good singers to attend.

BEAR.—The McDougall boys of Young America were in town on Saturday with a huge bear weighing 225, it was caught in a trap and afterwards shot. Tom Newman, our butcher bought him.

WONDERS.—Dr. Hicks performed some of his "magic feats" on Wednesday evening last to a small crowd of "boys and little girls," and left the next morning quite suddenly leaving a few small bills unpaid.

DEER.—We notice almost daily, loads of deer passing through town from up country. They are said to be very plenty this season, quite a number of our hunters are out, among whom is Ebenezer Ladley, J. P. Torrey and James Houghton. We expect when they return that venison will be cheap.

BUSY.—Every Carpenter in town is kept busy from morning till night, repairing houses & for winter.

THE LAST BOAT.—The Steamer "Cutler" Capt. Herrick and Clerk Walsh, arrived at our levee Saturday evening with a large load of freight, after discharging her load she returned to St. Paul for winter quarters.

DEBATING CLUB.—Why cannot our citizens organize a debating society? It would be pleasant to while away the long winter evenings.

MARKET.—Saturday next is the regular monthly market day, and a big turn out is expected.

AT HOME.—Capt. George Houghton president Minn. River packet, and Capt. Jas. Houghton, Commander of the Chipewaga Falls during the summer, arrived home Saturday evening, to "lay up for the winter."

DOING WELL.—The boy we mentioned last week, accidentally shot, is we are glad to say doing well. His chance for recovering are now good, as we are informed by Dr. Davis.

POTATOES.—This article is quite scarce in our market and brings a good price, 65 to 75¢ per bushel. Corn brings 70 and Oats 60¢.

STORMS.—An occasional snow storm can be expected this month. The same favor has been extended to our friends farther east. So prepare for it.

GODEY'S LADY'S BOOK

FOR 1868.

THE

CHEAPEST OF LADIES' MAGAZINES,

BECAUSE IT IS THE BEST!

The friend of woman, the arbiter of fashion, the encourager and publisher of the best literature of the day, the pattern from which all others copy.

READING MATTER.

In this time will be an improvement. The volume for 1868 will be set up with new-fangled type, and of a size that will enable to give an additional quantity of reading matter, amounting to about twelve pages in each number.

Beautiful Steel Plates.

Of these the Lady's Book contains fourteen, each more superior to the cheapest competitors.

In this country, either in book or periodical.

The Literature of the Lady's Book

Marion Harland, "Hidden Path," "Gloss Side," "Nemesis," and "Mifflin,"

who contributes to no other monthly publication will furnish a new novel for 1868, called "Phemie Rowland," that will run through the year.

Her stories are as interestingly singular, and as they are copyrighted, can be found nowhere but in Godey. Our former efficient corps of writers has also been retained.

OUR FASHION PLATES.

The original double fashion-plates will be continued.

Model Cottages.—The only magazine in this country that gives these designs is the Lady's Book.

Drawing Lessons.—In this we are also alone. Original Music.—Godey's is the only magazine in which music prepared expressly for it appears.

We have also a Children's & Horticultural, and a Health department.

Godey's Invaluable Receipts

upon every subject, for the Doctor, Nursery, Kitchen, House, and Laundry.

Tinted Engravings.—This is a series of engravings that no one has attempted but ourselves. Their great satisfaction.

—A Boston man paid \$500 for a curled black walnut tree at Huntsville, Indiana, a few days ago, and after it was felled and the beauty of the grain was discovered, the purchaser said he would not take \$2,000 for it.

—One-third of the Union Pacific railroad is now completed, and will be finished in 1870. The 500 miles constructed in Nebraska have all been constructed since Jan. 1st, 1867.

—There is to be a plastering match in Cincinnati for the championship, for from \$100 to \$1,000 a side—two thousand yards of plaster, and the winner to receive a hundred dollars and a gold ring.

—It is understood to be the decision of the Treasury Department that unless the holders of seven-thirties present them for conversion into five-twenties at maturity, the option for greenbacks is lost, and they will be paid in greenbacks.

—The proportion of married men in the journalistic profession in this country is said to be larger than in any other profession. An exchange thinks it is because the newspaper man has less time to attend to such matters, which is, perhaps, partly the truth.

—A ship canal through the Florida Peninsula is advocated by the Southern newspapers. Such a canal would be less than 100 miles long, and would shorten the voyage from New Orleans to New York several days, and be the means of avoiding the dangers of the Florida coast.

—Newman Hall said, in New York, not long since, that he had been in this country about seven years and had seen only four drunken persons on the streets. In London he would have seen that number in one night. There are seven drinking shops to one bakery; \$70,000,000 are spent annually for drink; and \$50,000,000 of it by the poor.

—The granite found at Sank Rapids,

Min., has been tested by the Government Geologist at Washington, and pronounced to be equal, if not superior, to any in the United States, and fully equal to Russia granite, known as the finest building material in Europe.

A company, with a capital of \$10,000, is preparing to put the granite into commerce.

Crucifixion and body were seen to be the same in England last year.

DAVID COOPER, a well-known sportsman, was seen to be the same in England last year.

It may not be known to all readers that the first message sent by the inventor of the telegraph, through his first telegraph line, on its completion from Washington to Baltimore, in 1844, was, "What hath God wrought?"

The rector of a church in England, who was not partial to music, announced to his congregation that the singing had taken up such a time that he would not preach a sermon. It is said his hearers sang him the arrangement.

Rev. Jedediah Morse, of Cheltenham, Mass., was the father of S. F. Morse, the inventor of the telegraph, and of Sidney E. Morse, the New York Herald's first Sunday school ever organized in that city is stated to have been founded at Cheltenham, Massachusetts, in the church of which Rev. Jedediah Morse was pastor. The first superintendent was his son, S. F. Morse.

A curious mistake was made by a young man in Connecticut a few days ago. This deacon was a teacher in the village Sunday School, and having come into the presence of his class in that character, he put his hand in his pocket to seek his Bible, and gravely drew forth a copy of "Hoy's Games." The deacon took it out, and the Sabbath school was not. "According to Hoy's," but the merit of the scholars speedily informed him of his little mistake.

There has been the demand upon the American Bible Society for Bibles and Testaments, to supply destitute places, that they have added seven new power presses to their equipment. The new horse power has been exchanged for one of sixty. With the twenty-three power presses, besides one hand press, the Society can now make thirty thousand, or, if necessary, six thousand volumes a day. Since the war the Society have expended over \$100,000 in the purchase of presses and sixty-four thousand dollars. Besides the demand from the South, the Bible work is enlarging in foreign lands.

blood in the head will produce a redness of the face, and a general suffusion of color in the face not at all desirable, and which detracts greatly from the purity of complexion which we all desire.

An excess of blood in the chest interferes greatly with the process of respiration. The heart is over-burdened, consequently its action is unnatural, and is laborious.

All these derangements make us feel cross, and feeling cross, we look cross, and looking cross we are ugly in our own sight, and in the sight of all who see us.

Now as a remedy, or better still, as a preventive, put on thick soled shoes, as soon as it comes on cold and damp. Do not say I'll wear my old shoes, and put on rubbers when it wet. You won't do it, you will be in too much of a hurry for a pair of water, to stop for rubbers, and you'll run out and get your feet wet, and you can't stop to change or dry them till night.

Then will come upon you all the evils herein set down.

Dear girls, do take care of your feet. Keep them warm and dry. By so doing, you stand a better chance of being healthy, and being healthy, a better chance of being happy.

Epigrams.

We compile the following from the many good things in the epigrammatic line, for the benefit of such readers as appreciate witty rhymes, even if a little odd:

Of Oxford an alteration in the statutory exercises for divinity degrees, by which two theological essays were required in future from the candidates, drew forth the following:

"The title D. D. is proposed to convey to a doctor of divinity a doctoring."

The honorary degree of D. C. L. having been declined by a distinguished officer, on account of the heavy fees at that time demanded, his refusal was thus set forth:

"Oxford, no doubt you wish me well, but please let me be."

Because I, S. D. D.

The erection of a monument, some years after his death, to the author of "Hans Braas," who died in the most squalid quarter of London, and was indebted to the charity of a friend for a grave, provoked one of the acutest epigrams in the English language:

"While Butler, needy wretch, was yet alive, he was a pauper; and now, when he is dead, he is a pauper's grave."

Presented with a monumental bust.

The poet's face is here in emblem shown: He asked for bread, he received a stone."

Of many epigrams the chief element is surprise—an artifice by which an unexpected turn is suddenly given to some, or some other, of the things which are the subject of the epigram.
